Where do I find the Cdiscount API Token?

### Lösung (public)

Cdiscount does not offer a permanent API token like other marketplaces (e.g. Amazon or eBay). This token is changing within a short-term timeframe and it is also changing, when logging in to your Cdiscount account. We are using this token to upload your items and to authenticate both our and Cdiscounts API.

It is not necessary to enter this token in your magnalister marketplace configuration of Cdiscount.
